20-7-101. Standards of accreditation. (1) Standards of accreditation for all schools must be adopted by the board of public education upon the recommendations of the superintendent of public instruction.

(2) Prior to adoption or amendment of any accreditation standard, the board shall submit each proposal to the education and local government interim committee for review. The interim committee shall request a fiscal analysis to be prepared by the legislative fiscal division. The legislative fiscal division shall provide its analysis to the interim committee and to the office of budget and program planning to be used in the preparation of the executive budget.

(3) If the fiscal analysis of the proposal is found by the legislative fiscal division to have a substantial fiscal impact, the board may not implement the standard until July 1 following the next regular legislative session and shall request that the same legislature fund implementation of the proposed standard. A substantial fiscal impact is an amount that cannot be readily absorbed in the budget of an existing school district program.

(4) Standards for the retention of school records must be as provided in 20-1-212.
